

SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE

September 5, 2008

Permit Number: OCRM-08-217-R
Permit ID: 64319

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Kinder Morgan Bulk Terminals Inc
C/O GEL Engineering Inc
PO Box 30712
Charleston, SC 29417

LOCATION: On and adjacent to Shipyard Creek at 1801 Milford St, Charleston, Charleston County, South Carolina. TMS#: 466-00-00-003.

WORK: The work as proposed and shown on the attached drawings consists of performing berth maintenance dredging for the Kinder Morgan Bulk Terminals, Inc., Shipyard River Terminal Dock No. 1 (SRT #1) and Shipyard River Terminal Dock No. 2 (SRT #2). The annual maintenance dredging event will generate approximately 60,000 cubic yards of material. The project depth is -45.0' below Mean Low Water (MLW), therefore the dredge depth will be -45.0' plus one foot allowable overdepth. The material will be removed utilizing a cutterhead hydraulic dredge and material will be placed in the Clouter Island Confined Disposal Facility (CDF) via pipeline. The work as described is to maintain safe operating depths for deep draft vessels docking at the facility. **Please note:** these activities are currently valid with the Army Corps of Engineers under 98-1D-197-P (expires 9/2009) and 2000-1P-131-P (expires 9/2010).

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before October 5, 2008. For further information please contact the project manager for this activity, Tess Rodgers at 843-953-0233.

DESCRIBE THE DIMENSIONS, GENERAL SPECIFICATIONS, AND PURPOSE OF THE PROJECT:

The proposed project is to perform berth maintenance dredging for the Kinder Morgan Bulk Terminals, Inc., Shipyard River Terminal Dock No. 1 (SRT #1) and Shipyard River Terminal Dock No. 2 (SRT #2) located on Shipyard Creek, Charleston County, Charleston, South Carolina. The annual maintenance dredging event will generate approximately 60,000 cubic yards of material. The project depth is -45.0' Mean Low Water (MLW), therefore the dredge depth will be -45.0' MLW plus one foot allowable overdepth. The material will be removed utilizing a cutterhead hydraulic dredge and the material will be placed in the Clouter Island Confined Disposal Facility (CDF) via pipeline. Figures indicating the location, size of area to be dredged, dredge depth, and disposal site are attached.

The purpose of the project is to maintain safe operating depths for deep draft vessels calling at the facility.

LOCATION OF THE PROJECT:

From downtown Charleston, take East Bay Street north until it becomes Morrison Drive. Continue north on Morrison Drive and turn right on to Meeting Street Extension. Continue north on Meeting Street Extension and turn right on Milford Street. Stop at the security gate to sign an entry log and receive a security pass. Please contact ~~Andrew~~ Miker at least 24 hours in advance of the site visit. Mr. Miker can be reached on his mobile phone at 843-296-9318. Please contact Larry Setzler at 843-822-6084 for further driving instructions or additional information.
